## SCOPE OF THE CONFERENCE

APCOM provides a unique opportunity for experts in the field of applied physical research of condensed matter to come together and share their visions of future development in the area of application of devices for example in electrical and nuclear power engineering, electronic and optical communication etc. The main focus of the conference is on presentation of both theoretical and experimental results, partly also of both computer simulation results and specific measurement techniques in the investigation of physical properties and structure of bulk solids and structures, thin solid films, ultrathin organic polymer films, micro- and nanostructures *etc.*, exposed to the influence of wide-range specific external factors (electrical, magnetic, thermal, high-frequency electromagnetic waves, optical and ionized radiation, ion and elementary particles beams *etc.*).

## MAIN CONTENT AREAS:

1. New materials and structures (incl. nanostructures and thin films), their analysis and specific applications.
2. Physical properties and structural aspects of solid materials and their influencing.
3. Optical phenomena in materials, photovoltaics and photonics, new principles in sensors and detection methods, applied optics and optical communications.
4. Nuclear science and technology (with emphasis on the influence of irradiation on physical properties of materials and radiation detection).
5. Computational physics and theory of physical properties of matter.
6. Biophysics and interdisciplinary physics of condensed matter.
7. Current Successes in the Photoemission and Electron Microscopy (*co-organised by R. Medlín, J. Minár, D. Lávička, UWB Plzeň, CZ and J. Krempaský, PSI Villigen CH*)

## SCIENTIFIC PROGRAMME

Contributed (10-15 min) oral presentations including discussions and the poster sessions are planned. The preliminary scientific programme of the conference includes more than 80 contributed papers. The official language of all presentations is English. Each participant can present only one contribution.

## GENERAL INFORMATION

**Registration:** Registration and lodging of participants will be provided at the registration desk, which will be opened at Hotel Patria, Štrbské Pleso on Wednesday, June 23, 2021 from 11:00 to 14:00 CET. Lunch at 12:00 to 14:00 CET. Opening ceremony preliminary at 15:30 CET.

**Presentation facilities:** A PC video-data projector (Microsoft® PowerPoint® 2013 or 2007 software is recommended) will be available for oral presentations. If you need some special equipment, hardware or software, please contact the conference administrator. Poster dimensions must not exceed A0 format (width 841 mm; height 1189 mm).

**Social events:** The *welcome party* will be held on June 23<sup>rd</sup> at 20:00 CET. Either a mountain tourist walk and/or excursion in the vicinity are planned for June 24<sup>th</sup> from 13:00 to 18:00 CET. The *friendship party* (grill party) will be held on June 24<sup>th</sup> at 19:30 CET. Departure of participants on Thursday, June 25<sup>th</sup> at 13:00.

**Venue:** The conference will be held in Hotel Patria, High Tatras, Slovak Republic. It is located as a dominant building near the high-mountain tarn Štrbské pleso (1,355 metres above sea-level) at the mouth of Mlynická Valley, sensitively incorporated into the High Tatras landscape. It is named after the nearby peak Patria (in Latin: "fatherland"), 2,203 metres high. For details see <http://www.hotelpatria.sk>.

**Transport information:** Detailed transport information is on the conference webpage: <http://kf.elf.stuba.sk/~apcom/>

## CALL FOR PAPERS

The conference participants will obtain Book of Abstracts at the registration desk. All accepted papers (**delivered strictly before April 30, 2021, in English only**) will be published (in online form) in peer-reviewed Conference Proceedings through AIP Publishing (American Institute of Physics), indexed in leading databases, such as Conference Proceedings Citation Index (part of Web of Sciences), Scopus (Elsevier), Inspec etc. The online version of the Conference Proceedings will be published later, but surely in year 2021. The corresponding authors will receive an email notification about the possibility of downloading the contribution (free of charge). Details for publication in Conference Proceedings are described below.

### Instructions for publication in Conference Proceedings:

All complete texts of papers will be written in English according to **the template available on the conference webpage**. You can download it also directly from <http://aip.scitation.org/apc/authors/preppapers>. The authors are requested to submit the papers in electronic form of the camera-ready paper as a file written scrupulously according to the template in the text editor Microsoft Word (\*.docx only) and also transferred to Adobe Reader Acrobat (.pdf format) with embedded fonts to the e-mail address [apcom@elf.stuba.sk](mailto:apcom@elf.stuba.sk) by **April 30, 2021**. The program committee will send the copies to referees and supervise the reviewing process. Contributions received after this date may not be included in the Conference Proceedings. One main author can publish only one contribution in Conference Proceedings. We recommend writing your contribution directly to the template! **The contribution should have 4 - 6 pages**. *Caution:* the AIP template has "Letter" format not A4.
